THIS former TriBeCa sewing factory has swapped out its stitches for riches in its current reinvention as a luxury condo building with 50 feet of south-facing frontage and “custom-milled, energy-efficient windows.” Much of the original innards of this fourth-floor, 4,500-square-foot loft were kept, including the

wood beams and exposed brick. There’s plenty of new in the five-bedroom, four-bathroom home, too, like an integrated A/V system and hickory flooring. And with 11-foot-high ceilings, it’s “perfect for displaying artwork.” **Agents: Daniel Hedaya and Cash Bernard, Platinum Properties, 212-825-0050, ext. 6615 and 516-317-8279**
